Regular Degree Students

Hindustan Institute of Technology & Science takes into consideration students who have passed their Higher Secondary Examination with commendable marks for admission. The Institution strictly follows the eligibility criteria of the State Government norms. The Admissions for P.G. and PhD Programmes are made through entrance test, group discussions and personal interview.

Hindustan Institute of Technology and Science Engineering Entrance Examination (HITSEEE)

An online Entrance Examination (HITSEEE) is conducted every year at various cities across India. Students seeking admission for undergraduate programmes have to register online to appear for the Entrance Examination on dates specified in the media advertisements. The time duration of the entrance examination is 2 hours. Students are required to answer 120 questions covering Mathematics, Physics and Chemistry. Based on the entrance examination score and marks in the qualifying examination, a rank list is prepared for admission into U.G (Engineering & Technology) Programmes.

How to Apply

Students, having the qualifying marks, can apply to any one of the undergraduate programmes offered by the HITS. The applications should be submitted at the admission office before the deadline mentioned in the advertisement. This does not apply for those who apply for non-professional programmes and research related programmes.

Special Admission Programmes

The Hindustan Institute of Technology & Science recognizes the need for providing educational opportunities for people of widely varying ages and backgrounds. Therefore, special admission programmes are available for potentially successful students from disadvantaged, culturally deprived, or economically impoverished segments of the society. For further details, the Head Office can be contacted. Admission to Hindustan Institute of Technology & Science thus, is purely non-discriminatory.

Re-admission

Students who are initially enrolled at Hindustan Institute of Technology & Science but did not attend the particular semester/term can re-register, provided they left with good conduct and have not enrolled in any other institution after leaving Hindustan Institute of Technology & Science. Such students may be readmitted by submitting a Readmission Form. Students who have been dismissed either from Hindustan Institute of Technology & Science or any other institution will not be readmitted under any circumstances.

Admission of International Students

Prior to admission, an International student must:

- Obtain an application form and brochure from the HITS Office and submit the filled application form with.
- Copy of educational records documenting all previous secondary and post-secondary schooling / college.

- A financial statement that has been signed and returned from a sponsor showing that adequate funds will be available to cover the student's educational and living expenses for the duration of the anticipated enrolment.
- Proof of proficiency in English language
- A certificate showing no criminal record
- Copy of the passport with minimum one year validity
- Medical certificate from a registered physician
- The certificate of eligibility for visa is issued on fulfilment of all the above mentioned procedures

Orientation

All fresh students must attend an Orientation session conducted by the Hindustan Institute of Technology & Science to get acquainted with the facilities available on campus. Orientation session is normally held before the commencement of classes.

Bridge courses will be conducted for a period of minimum 2 weeks for all I year students.

(vii) The placement profile of the pass-outs of the institution

Welcome to Department of Placement, Hindustan Institute of Technology and Science

Hindustan Institute of Technology and Science provide an environment that fosters not only the intellectual but also the overall personality development to its students. Personality Development Workshops are organized in the University for all enrolled students with a view to equip them with the necessary soft skills required to beat the stringent selection process and emerge successfully in today's competitive world. The students are exposed to intensive training for acquiring Communication, Motivation and Leadership Skills. They gain essential inputs in goal setting and team building. They also undergo Case Study Analysis, Extempore, Group Discussion and Personal Interview Session. More than two thousand students of pre-final and final year undergraduate and postgraduate programs are benefited from these workshops every year. The University considers training and placement as its key duties to every student who enrolls with the University.

The Placement Office of the University provides equal opportunity to all enrolled students to:

- *Attend campus interviews conducted for leading companies.*
- *Do In-Plant Training*
- *Prepare the students to excel in Aptitude Test, Group Discussions and Interviews.*

HINDUSTAN CAMPUS RECRUITMENT DRIVE 2017 (HCRD'17)

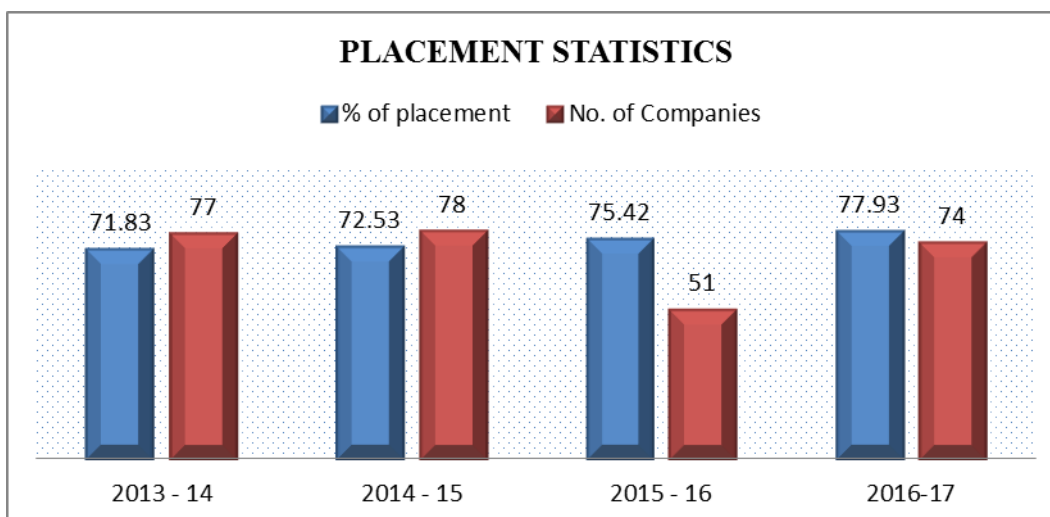

This year, **74** multi-national and national companies hosted their Campus Recruitment drive in our University. Indian Navy, Amazon, Juspay, DBS Bank, Mahindra & Mahindra, Protechsoft, EmberUR Systems, Kaar Technologies are the few recruiters given dream status and **M/s Amazon** was the major International recruiter. Also, it is worth mentioning that they have offered the highest CTC of **INR 15 Lakhs Per Annum**. Among the **580** eligible students **452** students got placed with average salary of **4.8** lakhs per annum and we attain **77.93** percentage of Placement.

CAREER GUIDANCE SESSIONS

To explore the career opportunities for Engineers in other Sectors like Atomic Energy and Banking, Placement Department arranged Career Awareness Programme for all final year students by Professionals from State Bank of India and Bhabha Atomic Research Centre, Govt. of India.

PLACEMENT STATISTICS

<i>Academic Year</i>	<i>% of placement</i>	<i>No. of Companies</i>
2013 - 14	71.83	77
2014 - 15	72.53	78
2015 - 16	75.42	51
2016-17	77.93	74

This is an improved score card which gives an insight to the improving education system of Hindustan Institute of Technology and Science.

(viii) All relevant approvals from statutory bodies.

1. (a) MHRD - Notification

This Institution is awarded 'B' category in the Review by Task Force Committee constituted by the Ministry of Human Resource Development (MHRD) to review the functioning of Deemed to be Universities during March 2013.

(b) NAAC

This University has been Accredited by National Assessment and Accreditation Council (NAAC) an Autonomous Institution of the University Grants Commission with 'A' Grade.

(c) COA - Approvals

The Architecture programmes (both UG & PG) offered by this University is also duly approved by Council of Architecture, an Autonomous statutory body of Government of India, under the Architecture Act, 1972.

(d) IAO

This University is accredited by IAO (International Accreditation / Quality Assurance Organization) is an international quality assurance agency, working to improve quality assurance standards of organizations all over the world.

(e) NBA

B.Tech. Aeronautical Engineering programme is accredited by National Board of Accreditation (NBA), a New Delhi.

(f) AIU

The University is a Member of Association of Indian Universities (AIU) which is a registered society under the Society Registration Act, 1860 with membership of Indian Universities.

(g) Association of Commonwealth University

The Association of Commonwealth Universities (ACU) is the world's first international university network, established in 1913.

A UK-registered charity, the ACU has more than 500 member institutions in over 50 countries. ACU brings together many of the most prestigious and well-funded universities internationally with relatively new institutions in some of the world's least developed countries.

HITS are an active member of ACU and have been participating in several activities of ACU.

(f) QS Star

QS Stars rated for excellence 2017

Overall 3 star 5 Stars Teaching, Employability, Facilities, Innovation and Inclusiveness

Hindustan University

The QS Intelligence Unit has, through rigorous and independent data collection and analysis of performance metrics as set out in the QS Stars™ methodology, rated Hindustan University as a Three Stars institution.

The QS Stars™ rating system is operated by the QS Intelligence Unit, the independent compiler of the QS World University Rankings® since 2004. The system evaluates universities across a wide range of important performance indicators as set against pre-established international standards. By covering a broader range of criteria than any world ranking exercise, QS Stars™ shines a light on both the excellence and the diversity of the rated institution.

(x) Details of students grievance redressal mechanism.

Report of the Counselling Cell (HUCS) from January 2017 to December 2017.

Hindustan Institute of Technology and Science Counselling Services (HUCS) performed well in advance and as per the need of the hour during the year 2017. In addition to individual counselling, group counselling sessions, Counselling training for the faculty (the mentors), measures to tackle various social issues etc. have done under the leadership of counselling cell.

Individual Counselling.

About 281 students attended counselling sessions through the counselling cell by the University Counsellor. The students who are in the level of dis-continuing also have been provided personal counselling. In addition to it, mentoring sessions are done through the department level. Each student is assigned to a staff mentor and the student is under the constant watch of that mentor, especially on absenteeism and non-performance in tests. A student who absents himself / herself for 3 continuous days will be identified by the faculty mentor, who will inform the parents. High intensity problems are referred to University Counsellor for further follow up sessions.

Group Counselling.

Group Counselling has been done among the first year UG students by the University Counsellor. About 1640 students (Engineering, Architecture, BBA and B.Com) of 25 batches have been benefitted through these sessions.

Seminars

Three major seminars – Awareness about ‘Blue Whale Game’ – its challenges and consequences, Feminist Art Installations, Motivational Seminar, Larva to Butterfly have been organized. About 1450 students from the ladies hostel and UG first year have been benefitted through these seminars.

Postures

Postures about the availability of counselling cell in the campus, anti-ragging specifics, awareness about the killer-game Blue Whale Challenges and its consequences have been displayed in the notice boards placed in gathering areas.

Training Workshop

Counselling Training Workshops have been organized to equip the faculty mentors with counselling skills and techniques. A two day workshop for 40 faculty mentors was a training oriented session by Talkitover Counselling Services. Orientation to the workshop also has been done to brief the importance of such trainings.

COUNSELING SERVICE & STUDENTS SUPPORT SERVICES

This is a forum that enables the students to voice their views and grievances. The counseling cell addresses both personal and academic problems. Competent and trained counselors handle grievances, ensuring strict confidentiality. To ensure that the campus does not have any incidence of ragging, an anti-ragging committee has been constituted as per the guidelines of UGC.

(xi) Name of the nodal officer for students' facilitation services.

Career Services

Hindustan Institute of Technology and Science offers career planning and job search assistance to its students. These services include career counseling, on-campus interviewing schedules, employment opportunities, job vacancy postings, and assistance with career search correspondence such as resumes, career workshops, and seminars, annual career fairs and referral to other campus agencies.

Hindustan Institute of Technology and Science Counselling Service (HUCS)

Counselling and faculty mentoring are given prime importance at Hindustan Institute of Technology and Science. Counselling is not about providing a solution to the problems; rather it is providing a direction towards a solution. Counselling involves providing free and confidential services to members of the University community. The staff and counsellors of Hindustan Institute of Technology and Science provide students the support and assistance they require to function effectively as learners, as members of the university community, and as individuals. Hindustan Institute of Technology and Science Counselling Services (HUCS) are designed to assist students to strive towards achievement and to utilize their potential. The University Counsellors are professionally trained and share their experience and knowledge in academic advising, career counselling and mental health issues. The Counselling Centre is thoroughly committed to the need for confidentiality in student/client/ counsellor communications.

Therefore, confidentiality of student information is maintained with professional standards of ethical practice and conduct.

The Counselling services include :

- Personal Counseling
- Educational Counseling
- Career Development Programme
- Training and Internship Programme

Faculty and student ratio is maintained as 1:20 for all counselling and mentoring activities. Student details and counselling activities are maintained by each faculty mentor. All students will be assigned a counsellor within 15 days of joining their course. A staff counsellor will be provided to the student by the parent department and the same staff counselor would provide counseling services for the student during his/her entire period of study at Hindustan Institute of Technology and Science. Faculty counsellors would keep a constant watch on absenteeism and non-performance of the students in the internal tests which are major reasons for student problems. High intensity problems which cannot be solved by the faculty counsellors will be referred to HUCS for further follow-up counselling sessions. A student who absents himself/herself for 3 continuous days will be identified by the faculty advisor, who will inform the parents. HUCS will also be organizing regular workshops and seminars to benefit the student community.

The Equal Opportunity cell

The Equal Opportunity Cell was established in the University to address the issues related to SC/ST, OBC and Minorities and the differently-abled on a continual basis.

The Cell takes effort : To conduct short term courses for imparting employable skills for the students from the disadvantaged community.

- To ensure that there is no discrimination on the grounds of disability or minority status.
- To redress grievances of differently-abled and students belonging to the weaker section of society and suggest amicable solutions to their problems.
- Co-ordinator:
Dr. P. Manivannan, Professor,
School of Aeronautical Sciences & Convenor, NSS, Hindustan Institute of Technology and Science.

Facilities for differently-abled students

- Admission is facilitated in various courses under separate priority basis.
- Guidance and counseling to individuals.

- Ramps are provided within the campus for smooth mobility to enable them to easily access classrooms, laboratories and various venues within the campus.
- Separate rest rooms are provided.
- Permission is granted to take exams on computers. A scribe will be provided during the examinations based on the request from the students.
- Based on the requirements, continuous staff assistance is provided in the library.

GRIEVANCE REDRESSAL COMMITTEE

- As per AICTE regulations (Clause 3 of the AICTE regulations, 2012), an Ombudsman has been appointed and a Grievance Redressal Committee is formed in the University in order to address the grievances of the students and parents.

CENTRES OF EXCELLENCE

Hindustan Innovation Factory

Hindustan Innovation Factory is set up to encourage innovative projects of both staff and student. There are many projects that have won laurels at international and national levels.

The projects are :

- Solar Powered Road Cleaning Robot - Dr. D. Dinakaran, Professor, School of Mechanical Sciences
- Tsunami Coastal Communication & Warning System (TuCoWaS) - Mr. SudalaiMuthu T, Asst. Professor, School of Computing Sciences
- A Night Safety Alert Messaging System for Vehicles Using Vehicular Adhoc Networks (NSAMSV) - Mr. Thangakumar J, Asst. Professor, School of Computing Sciences
- D. Multifunctional Bed for Quadriplegia Patients - Mr. G. Muthukumaran, Associate Professor, School of Electrical Sciences
- A Novel Counting Device for Domestic Pressure Cooker for Hearing Impaired (CoDePec) - Mr. G. Muthukumaran, Associate Professor, School of Electrical Sciences

Centre for Automation and Robotics

The main objective of the Centre is to promote educational and research activities in the field of robotics, automation and computer vision. The centre bridges the gap between industries and the University It functions as an interdisciplinary centre for the Schools of Mechanical, Electronics, Electrical, Aeronautical and Computer Sciences.

- The Centre also offers M.Tech Robotics and Control & M.Tech Industrial Automation.

TIFAC-CORE

TECHNOLOGY INFORMATION, FORECASTING AND ASSESSMENT COUNCIL (TIFAC) CENTRE OF RELEVANCE AND EXCELLENCE (CORE)

TIFAC-CORE in Aircraft Maintenance is a world class facility and caters to the growth and sustainability of the aviation sector. The areas of Aircraft Maintenance, Avionics, Aircraft Instrumentation and Aircraft Management are explored with emphasis on training in live aircrafts.

TIFAC-CORE offers Post Graduate Diploma in Aircraft Maintenance for engineering graduates and short term courses for employees of Industry.

Certificate Programmes offered by TIFAC-CORE :

- Aircraft Maintenance Engineering. (Airframe & Engine).
- Aircraft Maintenance Engineering. (Avionics)
- Advanced Non Destructive Testing (NDT) Methods.

CLEAN ENERGY AND NANO CONVERGENCE CENTRE, (CENCON)

The Centre for Clean Energy and Nano Convergence Centre, Hindustan Institute of Technology and Science started in collaboration with QSRC, Dongguk University, Korea with a vision to work towards clean energy solutions incorporating the quintessence of Nanotechnology. The Centre is a member of the International Consortium on Nanotechnology. An environmental friendly green technology has been developed by the centre for the fabrication of nanomaterials and being explored for its various energy applications.

A Team of well qualified research scholars in guidance with International and National expertise from Institutes like Uppsala University, KTH, Sweden, University of Nottingham, Dongguk University, IIT Bombay, IIT Chennai, Anna University are working in the following. The thrust areas of the centre are: Solar cells, Lithium ion Batteries, Bio medical applications, Luminescent devices, Sensors, Photocatalytic applications etc.

The Centre provides M.Tech (Nanotechnology)

CENTRE OF EXCELLENCE IN PHOTONICS AND LIDAR RESEARCH (CEPLAR)

Centre of Excellence in Photonics and LIDAR Research (CEPLAR) has been established through a MoU signed between Hindustan Institute of Technology and Science and IISc, Bangalore with a focus to carry out investigations on atmospheric aerosols especially, the elementary carbon or black carbon in the atmosphere. Investigations carried out by the Centre provide valuable information for Optical Remote Sensing, Free Space Optical Communication, Atmospheric Correction, etc.

CENTRE OF EXCELLENCE IN “CYBER SECURITY”

The Centre on “Cyber Security” has been proposed to be formed with the domain expertise from Hindustan Institute of Technology and Science, HTC global Services and Cyber Security Privacy Foundation (CSPF) and Cyber Security Unit of Warwick Manufacturing Group (WMG). U.K. The functions of this capability centre is to

- Train and develop “Cyber Security” skills for the academic fraternity
- Establish technology infrastructure and specialised laboratory for cyber security
- Consultancy and R&D projects in Cyber Security

INNOVATION & ENTREPRENEURSHIP DEVELOPMENT CELL (IEDC)

The Innovation and Entrepreneurship Development Cell (IEDC) is committed to the cause of nurturing the creativity, innovation and entrepreneurial skills in students. A Non-Profit Organization, in collaboration with pioneering institutions such as MSME (Micro, Small and Medium Enterprises Development Institute of India), NEN (National Entrepreneurship Network), etc., it aims at training students in steering their innovative ideas to a level of economic feasibility and industrial viability.

CENTRE OF EXCELLENCE IN DATA MINING (C-DAM)

Centre of Excellence in Data Mining has been established in collaboration with Accenture, Industry partner and AU-KBC, Academic partner. The aim of the centre is to expose the students to real time projects of industry and research centres. The Department has already initiated efforts to jointly collaborate with them in organizing seminars and undertake research projects together. As a part of this initiative various activities were held to emphasize the significance of incubating a Centre of excellence in this direction.

OBJECTIVES

- To pursue joint research on Data Mining
- Conduct workshops and guest lectures in the area of Data Mining
- Conduct faculty development programmes and conferences
- Conduct certificate programmes
- This centre also promotes an avenue for the research aspirants from industry and other universities to pursue their doctoral degree
- Consultancy services
