HINDUSTAN INSTITUTE OF TECHNOLOGY AND SCIENCE

HITS, a deemed to be University, is one of the most recognized and sought after institutions in Chennai, located at Tamil Nadu, India. Commenced in 1985, it offers a wide spectrum of Undergraduate, Postgraduate, Diploma, Research and Doctoral Programmes in diverse fields of Engineering, Technology, Architecture, Management, Law, Fashion, Design, Arts, Aviation, Applied Sciences and Arts & Sciences. The technical courses at UG and PG levels are approved by AICTE. HITS is a part of the most reputed Hindustan Group of Institutions which caters to the academic needs of over 18,000 students. HITS is accredited with an “A” Grade by the National Assessment & Accreditation Council (NAAC), Govt. of India. The B.Tech. programmes offered by Aeronautical, Automobile, Civil, Computer Science and Mechanical Engineering are accredited by NBA. The Institution is categorized as No. 2 by MHRD, UGC; and is ranked 95th in India under the All-India Engineering category, by National Institutional Ranking Framework (NIRF). Other accolades include, an overall 3 Star Rating with 5 Stars score for Teaching, Employability, Innovation, Inclusiveness and Facility by QS Stars, Rated for Excellence; and GOLD rating by QS I Gauge Indian University Ratings.

As a portal of learning, HITS is aesthetically landscaped housing academic blocks, 14 Centres of Excellence for Research, state-of-the-art Workshops and Laboratories. The institution is reputed for its highly qualified and competent faculty and excellent infrastructural facilities for curricular and extracurricular activities. The learning community comprises students from several foreign countries besides those from India, thus offering a cosmopolitan campus environment. HITS has curved a niche for itself through established global collaborations with Institutes and Industries to promote Faculty & Student Exchange Programmes, Joint Research, Consultancy Projects, Conferences, and Guest Lectures. The institute focuses on preparing students for their careers through employability development activities and internships, while our Industry engagement priorities ensures close alignment with the needs of industry. With the noble vision of the Founder-Chairman, Late Dr. K.C.G. Verghese, “To Make Every Man a Success and No Man a Failure”, Hindustan Institute of Technology and Science chisels its learners with competitive spirit to face the future with confidence.

MESSAGE FROM VICE-CHANCELLOR

The School of Law is established with a broad concept and understanding of present legal environment and proposes to give professional and academic excellence to the students. It is conceived as a new generation institution in par with any other law schools in the country. The academic programmes and teaching methodologies are developed to enhance knowledge, skills and ethical requirements of the legal profession. The School has a competent teaching team who have demonstrated excellence in teaching and research. They also foster a friendly and community-oriented atmosphere enabling the student body to advance the legal profession using a blend of conventional and contemporary methods. I encourage you to consider pursuing your law degree with us!

MESSAGE FROM DEAN

Hindustan School of Law is committed to excellence in teaching and delivering advanced legal knowledge. Our clinical courses in the programme expose students to the practical training of the legal profession and hones them with requisite skill set to outshine the legal challenges they might face ahead. Most of our faculty members have advanced degrees and substantial experience in academia. Our student-centred approach to legal education is theoretical, practical, job-orientated and compelling. The moot courtroom of the School is often used for oral and trial advocacy; and enables students to build critical thinking, logical, and reasoning skills. We look forward to being part of your future!
WHY HINDUSTAN SCHOOL OF LAW?

The School of Law is a pioneering School envisaging the goal of achieving excellence in imparting legal education through exemplary teaching and learning methods.

Hindustan Institute of Technology & Science offers wide ranging courses in Engineering, Science and Technology, Management and Social Sciences. With the ever changing dynamics of legal education, the interface between technology and law forms an interesting area to explore. Law and technology are two distinct areas for discussion, and both are not connected in such a way that no discussion is complete without acknowledging the other. The future of legal profession must largely depend on the role of technology which takes to shape and enhance it.

The School encourages interdisciplinary and multi-disciplinary approaches to learning through its unique and dynamic curriculum and diverse teaching methodologies along with excellent infra-structural facilities to aid the all-round development of the students.

Emphasis on outcome based legal education to ensure students industry readiness. Conferences, Moot Courts, Debates, Quizzes, Workshops, Expert Lectures arranged for enhanced learning. Experiential learning through legal aid, legal awareness, documentation, socio-legal researches & internships.

MoU & Collaborations

❖ MoU with Chicago-Kent College of Law:
An MoU has been signed with the Chicago-Kent College of Law, Illinois Institute of Technology, for the students to pursue their 2nd Semester at the Chicago-Kent College of Law provided for the student who have successfully completed their 1st Semester with a minimum of 14 academic credit hours of course work at Hindustan School of Law and fulfilled the requirements by Chicago-Kent College of Law.

❖ MoU with M/s. Surana and Surana, International Lawyers:
MoU Signed with M/s. Surana & Surana, International Lawyers for strengthening Legal Education and also to engage in Legal Consultancy, Advice and Allied Services.
B.A., LL.B (Hons.) - 5 years

The School of Law offers the Five Year integrated B.A., LL.B (Hons.) course which caters to the dynamics of interdisciplinary approaches to learning and skill acquisition. The course would entail a broad curriculum of multifarious disciplines including subjects like Political Science, History, Economics, English in addition to core subjects of law.

B.B.A., LL.B (Hons.) - 5 years

Through a combination of courses in Business Administration and Law, the B.B.A., LL.B (Hons.) program offers to cater to the current trends in market wherein students would be enlightened on facets of corporate governance, finance management, investment and competition to name a few arenas.

LL.B - 3 years

The School offers a three-year LL.B course designed to enrich and cater to the needs of professionals from other disciplines by introducing them to the world of law and thus presenting to them a myriad of opportunities.

** Apart from the theoretical training, the students will also have the opportunity to hone their skills through an array of clinical training program inculcated as part of the broader course curriculum. The course has been designed and structured in consonance with the curriculum guidelines as approved by the Bar Council of India.
The School offers a one year LL.M program in International Law with focus on International Economic Law, Trade Law, International Aviation, Outer space Law and Laws including Private International Law. The School has entered its MoU with Illinois Kent Chicago University for a Semester Exchange Program on LL.M, in which the students can be awarded Dual Degree from HITS and Kent University. The program will be agreed for academics and for practise as lawyers in India and abroad.

LL.M student also has an option to complete the programme in Chicago Kent College of Law, Illinois Institute of Technology within the scope of MoU entered between the Hindustan School of Law and Chicago-Kent College of Law. As per the MoU, the student after successfully completing the I" Semester at Hindustan School of Law can proceed to II" Semester at the Chicago-Kent College of Law provided the student has completed the required credits and fulfilled the requirements by Chicago-Kent College of Law. Students who have registered their Semester II with Chicago-Kent College of Law should complete a minimum of 14 academic credit hours of course work. On successful completion of II" Semester and dissertation in Chicago-Kent College of Law, Illinois Institute of Technology, the Chicago-Kent College of Law shall award a US LL.M degree in International and Transnational Law.

Hindustan Institute of Technology & Science provides an environment that fosters not only the intellectual aspects but also the overall personality development of its students. Personality Development Workshops are organized for all students with a view to equip them with the necessary soft skills required to beat the stringent selection process and emerge successful in today’s competitive world. Students are exposed to intensive training for acquiring communication, motivation and leadership skills; and also gain essential inputs in goal setting and team building. They also undergo Case Study Analysis, Extempore, Group Discussion and Personal Interview Session. More than two thousand students of pre-final and final year undergraduate and postgraduate programmes benefit from these workshops every year. HITS considers Training and Placement as its key duty to every student who enrols with the University.

The Placement Office of the University provides equal opportunity to all enrolled students to:

- Attend campus interviews conducted for leading companies.
- Pursue In-Plant Training
- Prepare the students to excel in Aptitude Test, Group Discussions and Interviews.
**FACILITIES**

- State-of-the-art classrooms with the latest equipment and technological aids to assist teaching and learning.
- Aesthetically furnished Moot Court Hall and Seminar Hall for clinical training programmes.
