If you have acumen to serve the elderly  
"Geriatric Care Management" is the  
right course to pursue for your career.

### SALIENT FEATURES

- Nursing care at that time of aging.
- Diagnosing the terminal stages of disease in old age and the importance of a skilled workforce to cater to such needs.
- Recognizing the importance of appropriate rehabilitation to diverse age groups of the old.

### CAREER OPPORTUNITIES

- ➔ Gerontological nurses work in various settings, including acute care hospitals, rehabilitation and nursing homes (also known as long-term care homes and skilled nursing facilities), assisted living facilities, retirement homes, community health agencies, and patient's homes.
- ➔ Depending on the geriatric's health conditions, one should determine what type of facility to be offered.
- ➔ Skilled nursing, also known as a nursing homes where they can reside and offer 24/7 services.
- ➔ Older adults have been referred to as "the core business of healthcare" by gerontological nursing experts, and hence these skilled students are most sought after.

Duration: Two Years with an Internship

### ABOUT THE PROGRAM

It is a two-year program comprising of four semesters. Geriatric care provides an opportunity to explore the area of Gerontology, a field of nursing that focuses on the care of older adults. The program presents the unique health care needs of the elderly and introduces students to nursing approaches to manage those needs. This program will distinguish a student as a knowledgeable, skilled, and committed professional in gerontology. It also aids in facilitating higher studies in the allied health sector.
